*I understand University Animal Hospital will not be responsible for belongings that are lost or destroyed.

University Animal Hospital requires that all pets staying at our hospital have proof of current vaccinations, fecal and heartworm tests. If not, these procedures will be administered upon arrival. Pets will have Capstar administered at the owner's expense, to keep our facilities flea free. An exam will be performed on new pets, and pets that we have not examined in over a year. Medical records of current illnesses would be appreciated.
